Regional Meetings to Complete Mitigation Documents for the 2023 Jefferson County HMP

Greetings Municipal Secretaries and Coordinators,

For your convenience, we have scheduled multiple meetings at two locations in the county. Please plan to attend one of these sessions. There are six sessions for you to choose from.

This is your opportunity to meet with the consultant who will assist you in completing your documents, as well as help develop your hazard mitigation opportunities to be included in the plan.

I ask that you **please call or email** to let me know which session/location you plan to attend. Again, it is important, for the adoption of the plan, that you complete the documents. The consultants are there to assist you with this process.

Your participation is important and appreciated.
